

# Abhinav Kashyap

## Front-end Developer

+91 9639876308 k.abhinav1000@gmail.com Portfolio Github LinkedIn

Front-End Developer with **2+ years of experience** and a strong foundation in **JavaScript, TypeScript, ReactJS**, and **NextJS**, complemented by hands-on experience in **VueJS** and **Svelte**. Familiar with integrating **GraphQL** APIs on the front-end and in **full-stack** development principles using **NextJS** and the **MERN** stack, I am passionate about building seamless web experiences and driving innovation in front-end development.

### SKILLS

JavaScript

TypeScript

React

Next.js

Vue.js

Svelte

Tailwind

Redux

### PROFESSIONAL EXPERIENCE

#### ViralFlight, Front-end Developer

April 2024 – present | Gurugram

- Headed the front-end development of multiple web applications using **TypeScript, ReactJS**, and **Next.js**, contributing to over **100K monthly user impressions**.
- Collaborated closely with clients** to gather requirements, and contributed to the design and development phases through **regular communication**, improving **client satisfaction by 50%**.
- Integrated **modern animations** using **Framer Motion**, enhancing user engagement across web platforms.

#### Sublime Data Systems, Software Engineer

January 2023 – March 2024 | Remote

- Successfully contributed to multiple projects utilizing **TypeScript, ReactJS, NextJS, VueJS**, and **Svelte**.
- Enhanced application performance by 100%** through strategic use of **caching, React Query**, and **Redux**, minimizing unnecessary API calls.
- Streamlined build and deployment processes by **reducing build and deployment times by 80%** by benchmarking different packages, package managers, and bundlers.
- Refactored** codebases following **DRY principles** and improved **maintainability** by adhering to **React best practices**.
- Played a pivotal role in **project delivery** by **engaging with clients** from all over the world, **defining requirements**, and **delivering solutions** within **tight deadlines**.

### PROJECTS

#### Coplae - An employee management platform

- Developed an interactive platform enabling **employers** to **efficiently manage 1000+ employees**, **calendars**, **meetings**, and **appraisals**.
- Built and deployed a **custom AI chatbot** that provided **real-time, company-specific** answers to employees.
- Tech Stack : React, Tailwind, Redux**

#### Speed to Quote - Logistics management platform

- Engineered a web app for **freight brokers** to optimize the **quoting** and **bidding** process.
- Enabled logistics companies to **respond to incoming quote** requests **600% faster**, improving operational efficiency.
- Tech Stack: React, TypeScript, Tailwind**

### EDUCATION

**Bachelors in Computer Science Engineering,**  
Chandigarh University

2019 – 2023 | Chandigarh
